PROFESSIONAL SUMMARY

Computer Engineering student with hands-on experience in web development and UI/UX design, with a strong foundation in HTML, CSS, JavaScript, React.js, and Python. Experienced in developing responsive web applications, working with databases, APIs, and modern development tools. Completed a 3-month UI/UX internship with practical exposure to real-world design and development workflows. Familiar with computer vision technologies including YOLO and MediaPipe, along with cybersecurity concepts. Seeking an entry-level Full-Stack Developer opportunity to contribute to real-world applications and grow as a software developer.

EDUCATION

B.Tech in Computer Engineering

JSPM's Bhagwant Institute of Technology

2023 – Present

Expected Graduation: 2027

CGPA: 7.0/10 | Relevant Coursework: Data Structures, Computer Architecture, Operating Systems, Cybersecurity

TECHNICAL SKILLS

Programming: C, C++, Python, JavaScript

Frontend: HTML5, CSS3, JavaScript, React.js, Responsive Web Design

Backend & Database: MySQL, MongoDB (Basics)

APIs: REST API Integration, API-based Web Applications

Computer Vision / AI: YOLO, MediaPipe

Tools & Platforms: Git, GitHub, VS Code

UI/UX: UI Design, UX Design, Responsive Interface Design

Cybersecurity: Phishing Detection, Wireshark (Basics), Nmap (Basics)

Soft Skills: Problem Solving, Teamwork, Communication, Adaptability

EXPERIENCE

UI/UX Intern

Completed

Internship Program — Duration: 3 Months

- Completed a 3-month UI/UX internship with practical exposure to real-world design and development workflows.
- Worked on user interface design and responsive web interface development.
- Assisted with improving layouts, usability, and overall user experience.
- Collaborated on project tasks and gained experience working within a professional project environment.

Web Development / Project Experience

- Developed multiple independent web applications for academic and personal learning.
- Worked with Git and GitHub for version control and project management.
- Practiced frontend development, debugging, responsive design, and API integration.
- Explored Python, YOLO, and MediaPipe for application development and computer vision use cases.

CERTIFICATIONS & ACTIVITIES

- Web Development – Training Completion, AcmeGrade
- C Programming Internship
- CHAKRAVYUH 1.0 – National Level Hackathon, SVETI's College of Engineering, Pandharpur (Project: Land Ownership Verification using Blockchain)
- Career Management Essentials – IBM SkillsBuild via Anudip Foundation
- Artificial Intelligence Fundamentals – IBM SkillsBuild via Anudip Foundation

ACHIEVEMENTS

- Completed a 3-month UI/UX internship.
- Developed multiple web applications independently.
- Participated in hackathons and coding events.
- Explored full-stack development, cybersecurity, and computer vision technologies.

LANGUAGES

English – Professional Proficiency

Hindi – Fluent
